JOSIAH TURNER, Jr., EDITOR.

SATURDAY, NOVEMBER 13, 1869.

GOV. HOLDEN'S MESSAGE.

The organ says, the Governor's message, on Tuesday next, will show where he stands on every important question.

Yes, that may be, but the Governor is a "rotating" man. There is no security that the Governor is in earnest when he takes a stand. If the Governor had any resemblance of a man, except that which wearing a hat and coat gives to the meanest of God's creatures, he would not wait for Tuesday to come before he would make Col. Heck and the Deep River Manufacturing Company disgorge their ill-gotten gain in the matter of 8,000 acres of land on Deep River, upon which to locate a Penitentiary.

The Governor has never been heard on that question, and he has been, and is to day, hand and glove with the men and the members of the Legislature who perpetrated the fraud. The State has paid out of its Treasury, through the Governor and his Treasurer $100,000, and have not received the worthless land for which it was fraudulently given.

Will the Governor tell us where he stands on the sale of the North Carolina Railroad bonds at 63, which were worth 100? The Treasurer said the Governor approved it; let the Governor speak for himself; did he approve it?

Will the Governor tell us where he now stands on the lease of the North Carolina Railroad? We venture he will dodge by saying he will leave it to the Stockholders, or he will recommend a sale, for Littlefield was opposed to the lease, and favors a sale of the Road. Will he tell us about the Bibles purchase of the State's lands in Hyde county, and the behavior of Pilgrim Ashley in it? Will he tell us about appointing Littlefield State Printer after the Grand Jury of Wake had presented him for attempts to corrupt the Legislature with "money and whiskey?" Will he tell us why he appointed men to elect Littlefield President of the Western Railroad, when he knew $7,000,000 of State money would go into his hands, and that he would give no security for the same? Will he tell why he has has taken no steps to make Littlefield give security, when he knew, in his late visit to New York, that Littlefield had been using the State's money in his Florida swindles? It is known here that the Governor in New York talked about this misuse of the State's money in the Florida frauds.

Will the Governor on Tuesday, in that message, pretend that while writing his message information reached him that Littlefield had this large amount of State money in his breeches pocket, and it should not be so, and the best thing for the Legislature to do would be to appoint a receiver of the Bonds of the State and let one man sell, contract and manage them, and not Dr. Sloan, Andrew Jones and Littlefield?

No he will be, as he has been, silent on these questions, and talk about Ku Klux outrages in Chatham, Orange, Jones and Lenoir. He will forget, as he did in his proclamation declaring four counties in a State of insurrection—to mention that houses, horses and mules were burnt in Orange by the members of his secret Leagues. That murders were committed in Jones, Craven, Pitt and Lenoir by members of the same secret societies.

No, no, we will never know where the Governor stands, until Littlefield, Dr. Sloan, Col. Heck and the Deep River Manufacturing Company are put upon the stand as witnesses.

That day will come and then we shall see where the Governor stands.

STOCKHOLDERS MEETING.

The SENTINEL of yesterday gave to its readers the proceedings of the Stockholders of the North Carolina Railroad Company. The meeting was one of great interest.

The discussion between Judge Merrimon and Gov. Graham was conducted with high courtesy and great ability. The Governor had no advantage except that which the question itself gave him.

Judge Merrimon appeared in the exercise of his profession, as Attorney for the Raleigh and Gaston Road, and well and ably was that little ambitious corporation represented.

Mr. A. K. McClure, of Pennsylvania, put in a bid of $265,000 which was only half a million, in the aggregate for the twenty years more than Little Ambition had offered, and the Directors had accepted.

Little Ambition was very severe on this stranger, A. K. McClure, for putting in a bid. The Judge denounced the bidder and the manner of his bidding; he was a stranger, a Ring man, probably a gambler in Stocks and Bonds, with no letters of credit, even. A bearing for Mr. McClure was asked for by Mr. Sutherlin, of Danville, Virginia; Mr. McClure replied to the Judge in a very cool, dignified and becoming manner, and said, no public notice had been given of the lease; he had been informed of it by a friend, and he had associated with him the greatest Railroad man in the United States or the world; it was a plain, business transaction, and he could make good all his engagements.

This was a bold strike on the part of the Raleigh and Gaston, to denounce a man because he had not put in his bid sooner; it was specially cool, when we remember, that Dr. Hawkins, with an Attorney to draw the lease, went uninvited to a meeting of the Directors of the N. C. Railroad Company and agreed with their Directors for the lease of the Road for twenty years, before forty men had even heard of the lease! The whole State, owning an interest in the property, it was contracted for before forty ever heard of it.

Now the friends of Little Ambition and the lease say, that Littlefield and the Ring have moved McClure to bid, in order to defeat the lease; this may be so, but the Road can't be sold or leased until the Governor is bought. He has given notice in a public speech for "Demagogues to keep their itching palms" off the stock of one of our Railroads, "for it was a fund sacred to the education of the poor."

This fund of the State can be used for that and a thousand other good purposes, if the Governor will not sell to Littlefield for State Bonds.

For the Sentinel.

To the Editor of the Sentinel:—I was glad to see Mr. Pou's sensible letter in relation to the extraordinary position of Mr. Clingman, in the matter of the special tax bonds. The wise intention of the new Constitution was to protect the credit of the State and the interest of the tax paying people. Hence, the provisions against further issue of bonds until the then existing bonds should be at par. Or, failing this, the authorization of a tax to meet interest on new bonds. It was not to be expected that the then existing bonds of the State should actually reach par for some time to come. Yet there might, meantime, be a real need to issue bonds for certain purposes of public utility. And such an issue might be made by enacting a special tax.

But it never entered into the mind of the Convention that made and adopted the new Constitution, that any law should or could be enacted to the damage of the State credit by dishonoring the then existing bonds, through failure to provide payment of interest while the new bonds were specially provided for. The Convention never contemplated legislative action which should cause the old bonds to recede father from par by giving new bonds priority in the payment of interest. Yet this is what has actually been done.

Here are two of Mr. Clingman's statements:

1st. "The governor informed me recently that at the rate at which the returns were coming in from counties, there would be in the Treasury *more money than was necessary to meet the interest*," i. e. of the new special tax bonds. And again he says, with reference to supposed special security by special taxing, "The old bonds of the State have not this advantage, and may not be so promptly provided for,"—from which statements two inferences follow, viz: "That it is not through lack of ability to pay, that the old bonds are dishonored by default of interest payment." And,

2. That the people of North Carolina deliberately disrespect their old pledged faith by putting their old bonds to disadvantage as compared with the new.

Are these things so? Did the Convention that framed the new Constitution ever contemplate the possibility of such a condition of things? Has not their wise intention of protecting the credit of the State been traversed and set aside?

In reversing the honest order of payment, by beginning at the wrong end, a mistake has been made which is only too evident to day in the depression of every class of North Carolina State securities. Be it known to all that

HONESTY IS THE BEST POLICY.

FUNERAL OF ADMIRAL STEWART IN PHILADELPHIA—IMPOSING MILITARY AND CIVIC DEMONSTRATION.

PHILADELPHIA, November 10.—The funeral of Admiral Stewart took place today, according to programme. At 3 o'clock P. M. the military marched down Walnut street to Independence Square.—The line of march was afterwards taken up, while the bells on Independence Hall and the churches began tolling. The procession was about a mile in length, and consisted of the first division of Pennsylvania militia, under Major General Prevost; United States, State and city officials; soldiers of 1812, of the Mexican war, Society of Cincinnati, and a large number of other organizations. Among the military were four companies of the Fourth United States Artillery, who came on from New York harbor to day. The mayor and city council of Bordentown were also present. Salutes were fired by the Keystone Battery at Penn Square, and also at the navy-yard and arsenal.

The burial services were read at Ronaldson's Cemetery by Rev. Dr. Fogo, rector of Christ Church, (Episcopal.) During the afternoon business was almost entirely suspended. The streets through which the procession passed were crowded with spectators. All the flags on the public buildings and on many stores in the principal streets were displayed at half-mast. The interior of Independence Hall, where the remains lay in state during the morning, was draped in black and a full length portrait of the deceased, by Sully, was hung conspicuously in view, near the portrait of Washington. The body was enclosed in a coffin with a glass plate, through which the features of the deceased were visible.

The pall-bearers were as follows: Major Gen. Meade, Rear Admiral S. I. Breese, Major Gen. R. Patterson, Rear Admiral James R. Lardner, Brig. Gen. Hartman Buehl, Com. John R. Goldsborough, Chas. McAllister and W. D. Lewis. The first regiment United States artillery was commanded by Brig. Gen. Israel Vogdes.

Amongst the naval officers in the line were Rear Admiral Charles H. Bell, Commodores Selridge, Gleason and Marchand; Captain Fraley and Commodore Schuleit. In the procession were Secretary Robeson and ex-Secretary Borie, Commodor. Seadman, Gov. Geary, of Pennsylvania; ex-Governors Ward, Parker and Randolph, of New Jersey, and Senator Cattell, of New Jersey.

The New York *Independent* records the following:

Mr. Wm. E. Mathews (colored) of Baltimore, wishing to breathe the free air of New England, took passage at New York in a steamer for New Haven, Connecticut. Desirous of traveling with comfort, he stepped to the clerk's office and asked the price of a state room. "Imagine "(says he) my surprise and disgust when I was told by the clerk that colored people were not allowed state rooms on that line." So he was compelled to digest his "surprise and disgust" on the airy deck or in the un airy hold of the boat. "I should have expected nothing better, (he adds) had I taken passage on a Kentucky or Texas steamer, but to be so treated by a servant of a boat owned by gentlemen representing the Christianity, culture and best thought of Connecticut was rather humiliating."

For the Sentinel.

On Thursday night Miss Alexander again received that warm and hearty applause that the *native heart* gave,—as by a chivalrous impulse—to one of the State's precious jewels. In the play of *Home* very little was assigned her in the *caste*, and what she did she was forced almost necessarily to create, for there was a painful poverty of language as well as plot through out the whole.

She was emphatically the gem of the evening. All her reading seems large and free, massed with a light and shade that could not fail to interest; much style and tone there, evidently the labors of a life.—All that taste and refinement could do for the expression of what belonged to the character, she gave; all was appreciative, elegant, well bred; her intonation, possibly in some part a trifle faulty, yet scarcely enough to mar. The piece did not admit of fire, great feeling, nor the highest elocution.

After all, we believe Miss A. will maintain a position perhaps more by purely sympathetic tone, than by the intenser attributes of art. She has chosen for her life reading the *Liturgy of work*; let her hold it as an ideal, for *ideal* is *faith*; to succeed here, is to be

'Painted on the Eternal walls'

as WHITTIER would say.

We trust the idea of art is advancing, and that catering to the public instead of *instructing* it—gaining but an ephemeral popularity—will soon happily be classed with the order of past things. We must continue European civilization, and can do so only by giving those things upon the stage that will call out the choicest cultivations and not the *canaille*. The *stage* is the middle place in the course of studies—the ancients recognised that; it belongs to the *humanities*. Only for a community of artists to direct the taste, instead of constantly being the victims of its fickle prejudices."

Of course it is useless to expect a *coup* of art in a wilderness where we are building towns and railways—everything in America seems against cultivating æsthetics, still we have much taste that demands something higher in dramatic art than is usually placed upon the stage. Upon the whole, however, we are inclined to the opinion that America is something too *commercial* in spirit—too closely following Carthage who, we know, with all her wealth left absolutely nothing to art. Compare her for a moment with Greece, who had made all the after generations her debtors.

Perhaps the fine arts flourish most during the degeneracy and decay of a nation—and classic citations to the point are so numerous and familiar as to render repetition needless—yet, *Phidias*, contemporary with the golden age of *Pericles* combats this assumption, so, too, *Michael Angelo* and *Beethoven*, both witnessed (as the *Hugo* carbonarists would say) infinitely more of progress than retrogression, poitically, in their day.

Is it a large resch of faith, to hope that in the realm of art, the present and the future, may yet be a completer shadow of the past?

Miss Alexander's nature and tastes would all seem to lead her towards the highest ideals of her art. She will help us with the future.

XAVIER.

A WOMAN MARRYING A WOMAN.

The subjoined statement is from a Boston paper:

A law court in Santiago, Chili, is puzzled by a remarkable suit. The plaintiff has married a woman and sues for divorce, founding her application on the simple fact that her husband is of the same sex as herself. The court can easily separate husband and wife, but the questions of property are an enigma. The lady who undertook the part of husband married the other for her money and her prospects. The wife of this singular mate was of a simplicity and innocence so great that for some time after marriage she had no suspicion as to the nullity of her husband's pretensions.—In the meantime, Madame the husband, in all the pride of manhood, employed herself busily in making purchases and contracts in her wife's name and with her wife's marriage portion. Now, the question arises whether the wife should be responsible for the debts incurred by the husband while managing her affairs. Also, what punishment should be inflicted on the husband for contempt of law and for forgery committed in signing the marriage contract and other documents under an assumed sex. The learned magistrates of Santiago will doubtless find some solution for this matrimonial riddle.

METEORIC AND AURORAL DISPLAY.—About one hour and a half before sunrise, on Saturday morning, the most brilliant red aurora prevailed that has been witnessed in this hemisphere since 1835 and 1837.—The auroral arch was not above the horizon, neither were the auroral beams or corona visible, but the whole heavens were filled with the great beauty and brilliancy of the varieties of the red color. There was the bright carmine, the scarlet, the rose and purple color. These colors, mingling with the light of the early and late twilight, producted a singularly beautiful effect.—Many meteors were also visible. At seventeen minutes after five o'clock a splendid emerald meteor suddenly burst into the atmosphere, fifteen degrees south-southeast of Sirius. It moved over a sharp curve of twelve degrees in an easterly, then southeasterly direction. It appeared one-half the diameter of the horizontal moon. Its dazzling light cast dark shadows.—*N. Y. Herald.*

FEMALE STUDENTS AT CLINICS—DISGRACEFUL BEHAVIOR OF MALE STUDENTS.—Last week twenty-seven young ladies attended clinical letures at the Pensylvania Hospital in Philadelphia, for the first time in the history of the institution. After the lecture some two or three hundred male students, by a concerted plan, and in spite of the efforts of the managers of the hospital to preserve order, ranged themselves so as to occupy both sides of the whole of the footwalks inside of the hospital enclosure, which compelled the twenty-seven lady students to take the cartway, and thus pass between the double lines of the male students, while the latter saluted them with taunts and jeers, mock applause and real hisses.

HENRY CLAY'S CRADLE.—Among the articles which was sent for exhibition at the Virginia State fair at Richmond, but which was accidently thrust aside in the secretary's office until the last day of exhibition, was the cradle in which Henry Clay was rocked. Mrs. N. B. Griffin is the lady who owns it. It was bought at Mr. Clay's sale by Capt. N Bowe, of Hanover county, and has been preserved by the family with great care. The cradle is very antique, and has ropes in the bottom instead of slats.—A Richmond paper regrets the overs ght by which the cradle was kept in the shade, and says that there are many old Whigs in Virginia who would have wept over it had it been brought out.

Disagreements are said to have already sprung up between Secretary Belknap and General Sherman. The former repudiates General Sherman's annual report and intends to make one himself.

The Yerger case remains in statu quo, and it is believed that the Supreme Court will wait congressional action, in accordance with the desire of President Grant, expressed through Attorney General Hoar.

FOSTER'S FAST COLT.—The furore of interest created over the recent unequalled performance of a colt owned by Mr. Bonner, in trotting the first half of a mile in 1m. 10¼s., and the second in 1m. 9¼s., is likely to subside somewhat when the fact comes to be generally understood that the "colt" in question is over five years old, and that he has been under a professional trainer's hands for a long time. The performance, though an extraordinary one, loses some of its attractions in the light of this information.

A HEAVY FAILURE IN NEW YORK.—The failure of the house of A. Bininger & Co., wholesale liquor dealers in New York, established in 1776, was announced in that city on Monday, and created much excitement in business circles. This firm occupied the same position in the line of its special business as that of A. T. Stewart & Co. in dry goods. It was the oldest house of the kind in this country. It is stated that the assets of the concern greatly exceed the liabilities, but that it will take some time to reduce them to cash. The creditors have been asked for an extension of time, which will probably be granted.

THE MILITARY VS. THE CIVIL POWER.—The proceedings of the military authorities in Norfolk in the case of the policeman Scultatus would seem, in advance of the tardy action of the Supreme Court, to call for immediate interposition on the part of the government at Washington, unless the War Department and the administration are willing to be held responsible for the action of their subordinates. The facts in this case have already been published, but may be briefly rehearsed. On the night of the 18th of September, a United States soldier named Smith, but also known by the suggestive soubriquet of "Fighting Charley," being drunk and disorderly, became engaged in an altercation with a policeman named Scultatus who endeavored to quiet him. The policeman in the discharge of his duty, was violently assaulted, had his lip nearly bitten through, and his club wrested from his hand by the soldier. The latter then trying to strike him with the club, the policeman fired and killed his assailant. Such, at least, is in substance the statement of what occurred given at the coroner's inquest the day after, by a man named Weeks, who further testified that besides himself "there was no one on the spot but the policeman and the soldier." Under these circumstances the grand jury declined to indict for murder, but found a bill for manslaughter. Before the case could be brought to trial, by order of General Canby, Scultatus was taken out of the hands of the civil authority for the purpose of being tried for murder before a military commission.

So far the case may be said to present no new feature. It is but a repetition of what has been done in all the States under military rule. Legally speaking, the question involved may be the same as that presented for the consideration of the Supreme Court in the case of Colonel Yerger. Practically, the difference between the two cases is great enough to leave no room in that of Scultatus for the pretense set up in that of Yerger, of the impossibility of getting a fair trial or having justice done by a civil tribunal. Every officer of the court before which Scultatus would have been tried, in due course of law, holds his position by the sanction of General Canby. The judge of the court, R. B. Foster, was, it is stated, during the war a colonel in the Federal army.

But the matter does not end here. The witness Weeks, who testified before the coroner, and who, upon the trial, would be the principal witness for the defense, has since been arrested, by order of the military, upon the charge of having given false testimony at the inquest. In a letter which appears in the Norfolk Virginian, under date "City Jail, Nov. 4, 1869," Weeks states that he served through the war in the Twelfth New York volunteers, commanded by his uncle, Col. Weeks, and therefore cannot be suspected of any bias unfavorable to the military; refers to his army record in vindication of his character, and adds that he had been visited in prison by Colonel Donovan, the post commandant, who informed him (so he says) that he had been arrested upon the evidence of two negro women of bad character, and advised him "to turn State's evidence."

It is sufficient comment upon the above proceedings to say that they have no parallel except in the history of Mrs. Surratt's trial and the other infamous "conspiracy cases" before a military commission in Washington in the spring of 1865. Apart from the Supreme Court, which can only act upon a case brought regularly before it, the government has a responsibility in connection with this business which it cannot shake off or evade. The Virginia papers appear to assume that what has been done has the direct sanction of General Canby. It remains to be seen from their interposition or their silence whether it meets with the further approval or disapproval of the general commanding the army, the Secretary of War, and the President of the United States.—*Balt. SATURDAY, NOVEMBER 13, 1869.

☞ THOS. N. HAMBY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

NOTICE TO DELINQUENTS.—There are a number of our subscribers in arrears for subscription, who have been notified by the red cross, but have not responded. We again give the warning and if not noticed shall be under the necessity, however unpleasant, of erasing their names from the books. Every thing is cash, now-a days, and no publisher can get along with a large number of unpaid subscriptions on his books. We hope our reasons will be appreciated by those affected by this notice.

Money may be remitted at our risk, in registered letters, or at our cost by express.

We have only room to say we have several interesting new advertisements in this morning to which our readers are referred.

ATTEND THE SALE.—To-day at 12 o'clock the North Carolina Land Company will sell without reserve, the remaining lots unsold of the Cotton Place; in our opinion such another opportunity will hardly present itself for those of our citizens who desire to purchase a good building lot, and even those who do not need such to build on themselves, would make a good investment to purchase, and build cottages for rent. There is now and will be a greater demand for houses to rent, so we urge the matter upon our moneyed men, merchants, &c. Think of these suggestions, for it is to the interest of all our citizens, that our city should grow.

DAMPIER CAUGHT.—Horse stealing has been the excitement in the country around Jolly's for several days past. The rogue was known, but escaped until yesterday, getting in the hands of the law. Mr. Blanchard, 14 miles south of Raleigh lost a horse on Wednesday night, got on the track and pursued him towards Harnett and overtook him yesterday, in the possession of the indefatigable Ed. Dampier, who attempted to escape by running into a swamp, got stuck in the mud and was captured. He was brought to Raleigh, yesterday, and regularly committed to jail to await a trial at next Court for horse stealing in three or four cases.

THE Y. M. A.—We publish to-day a report and appeal from the Young Men's Christian Association, to the citizens of Raleigh and the public generally, which we earnestly hope will arrest the attention of, and meet with a response from, every benevolent heart in the community. We see help'ess women and children every day, who, though willing to work, are unable to procure employment, and are consequently suffering from hunger and cold and want of clothing. "The poor ye have always with you, but me ye have not always," were the words of him on whom we rely for, and through whom we hope to obtain, the things desirable in this life and the life to come. Let us beware, then, how we ask his blessing on "our basket and our store" if we neglect the duties required at our hands in regard to those dependent on our charity for the necessaries of life.

TOO SHORT.—Our short hand neighbor over the way had several little inaccuracies in his report of the proceedings of the Stockholders' meeting on Thursday, some of which we would good naturedly point out. The name of *Giles* Mebane, President of the meeting is printed *Charles* Mebane; John *U.* Kirkland is reported John *R.* Kirkland; and the report represents the further consideration of the lease postponed until the next annual meeting of the Stockholders, whereas, it was indefinitely postponed.

THEATRE LAST NIGHT.—Miss Laura Alexander, on the occasion of her benefit last night, was greeted with a full house, and the enthusiasm exceeded anything we have heretofore witnessed in Raleigh. We do not mean there was more *noise* than we have heard from the boys and the less refined part of audiences on former occasions, but that the applause was genuine and offered by the intelligent and appreciative. When she appeared on the stage a shower of boquets fell at her feet, which were acknowledged in a most graceful and winning manner.

She sustained her part well throughout, and many present regretted that the drama chosen for the occasion was not such as to allow her more scope for the exercise of the histrionic talent she undoubted possesses.

We congratulate Miss A. on her success, and our own and her native State upon the bright prospect for the future which her appearance last night promises, as an artiste of whom any State may be proud.

At the close of the piece Miss A. was called out, and again saluted with cheers and profuse floral offerings. She expressed her thanks to the kind friends whom she claimed as "brothers and sisters" of her native State, in a few touching and graceful remarks, and retired amid prolonged and hearty applause.

Mr. Sam Ryan, Miss Eldridge, Mr. Crisp, and Miss Hawthrone, and other members of the Company sustained their parts so perfectly as to show they have not mistaken their profession.

To-night will be the last of the season in Raleigh, at least for the present, on which occasion the inimitable Comedian, Mr. Samuel Ryan takes a farewell benefit. See advertisement.

For Coughs and Throat Disorders, use "Brown's Bronchial Troches," having proven their efficiency by a test of many years.

"I have never changed my mind respecting them from the first, excepting to think yet better of that which I began thinking well of."

REV. HENRY WARD BEECHER.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION respectfully submit the following abstract of their operations during the last fiscal year commencing with last November:

They received from all sources in money, $1,197.75 besides several donations of wood and clothing.

Their disbursements have been as follows, viz:

273 Wagon loads of wood 4 cord each, $2, $546 00. 376 Rations of Meat and Meal amounting to $375.70. Special, $5.00. Cost of Gas Fixtures and incidental expenses amounting in all to, $71.05.

These donations have been made to ninety persons representing the same number of families, nine tenths of whom were women with children too young to be any help to them. Their conditions from all that we can learn from their heart rending complaints, as well as through our distributors are most deplorable. Many of them say that they could not possibly live without the little help we give them, poor as it is. This amounts only to about $1 a week to each family, as we have to be exceeding careful in giving, that we may be able to help them even with this little pittance through the five severe months of the year. During the summer we only give to those who are known to be invalids, and some few widows with large families of little children. In this way we have continued to help the worse cases and have not refused a single applicant for provisions when properly recommended by the distributors.

Our present mode of reaching the necessities of the deserving poor is the most efficient we have ever adopted. The city is divided into twelve districts, with a distributor to each, whose duty it is to know every applicant and if faithful cannot be imposed on by the vicious and unworthy. We are now trying to devise the means necessary for the approaching winter months, and with the certainty of high priced provisions, the sufferings of many of the poor must be very great. Freezing and starvation are fearfully threatened unless relief is offered by those whom God has mercifully blest with the means to alleviate their wants. To these we must look, and can only promise that we will do all we can in faithfully distributing their contributions. Could they only witness for themselves the lamentable necessities of them we can but believe that we will do all we can in faithfully distributing their contributions. Could they only witness for them elves the lamentable necessities of them they would not refuse their abundance grant the so much needed help.—We most gratefully return our thanks to all those who have enabled us to do what we have done in the past and can only hope they will continue to feel "that it is more blessed to give than to receive." Our collecting committee will wait on our citizens in person and will be happy to receive any contributions in money, provisions and wood, for the relief of the suffering poor through the approaching winter, and we can but hope that these applications will meet a cheerful response from all that are able to give.

Donations of wood, clothing or provisions, such as Meal, Meat, Rice, &c., will be thankfully received and judiciously disposed of.

In conclusion the Association most cordially invite the co operation of all the young gentlemen of the city by joining the Association. The cost of membership is only $2 per annum; and we hope at no distant day to secure a Library of good books and other reading matter and thus contribute to the mental and moral improvement of our membership.

At the regular monthly meeting of the Association the following resolution was adopted:

Resolved, That the thanks of the Association be respectfully tendered to the Presidents of the North Carolina and Raleigh and Gaston Railroads, for kindly transporting wood for us at less than usual rates, thereby very considerably adding to our ability for the relief of the suffering poor of our city.

And Mr. P. F. Pescud and Mr. A. M. McPheeters were appointed to call on the city authorities and the citizens to contribute for the relief of the suffering poor of the city. These gentlemen will at once call on *every* citizen for assistance. They desire subscriptions for each month for five months from 1st Nov. Without a liberal response there must be great suffering in our midst.

Respectfully submitted.

FINE CHAIR.—Passing the shop of Rufus Harrison & Bro. yesterday afternoon our attention was drawn to a very fine chair just finished off at their establishment for the Barbers, Patterson and Dunston, next door. It was a neat job and would do credit to any establishment.

By the way Harrison & Bro. have just received a supply of machine cut shucks for mattresses—a very superior article, which they will fill in to order in first rate style for those desiring something new and nice in that line.

ROCKY MOUNT FACTORY BURNED.—We learn from the *Tarboro' Southerner* that a private dispatch was received at that place late yesterday evening, giving the melancholy information of the loss by fire of the Factory of Messrs. Battle & Son at Rocky Mount. No details are furnished except that the building is an entire loss. Whether the work of an incendiary, or accidental, is not stated. Loss $50,00 covered by insurance to the amount of $25,000.

The Shivering Season

It is impossible to suppose that any human being can consider an attack of Fever and Ague a light visitation. And yet thousands act as if such a calamity was of no consequence; while thousands who are actually suffering from the distressing complaint neglect to adopt the certain means of cure. It ought to be known in every locality subject to this scourge, or which is infested with remittent fever, or any other epidemic produced by malaria, that HOSTETTER'S STOMACH BITTERS taken in advance or at the commencement of the unhealthy season, will fortify the system against the atmospheric poisons which generates these distempers. This admirable invigorant—harmless, agreeable, and possessing rarer medicinal virtues than any other tonic at present known, will break up the paroxysms of intermittent or remittent fever in from forty-eight hours to ten days. Such is the universal testimony from districts where periodical fevers have been combatted with this powerful vegetable Cholagogue. In a theirish neighborhood wise men bar their doors and windows, yet strange to say if the same neighborhood happens to be pervaded by dental poison they seldom take the trouble to put their bodies in a state of defence against the subtle enemy. A hitherto victime endeavoring in vain to warm your blue hands over the fire, or consuming with the fever that follows the chill, remember that HOSTETTER'S BITTERS is an *absolute, speedy and infallible* specific for your distressing malady.

Consumption Now Englanders not dying off fast enough to please their rule ives, "Consumptive Homes" are being established, with the benevolent purpose of collecting the invalids together, where they can worry one another to death by the scent coughing.

WINNERS OF THE

PARIS EXPOSITION MEDAL,

WHO HAVE CONFORMLY BEEN AWARDED

HIGHEST HONORS

At Industrial Exhibitions in this COUNTRY,

SO that their work is the **acknowledged standard of excellence** in its department, respectfully announces that, with extended and perfected facilities, and by the extensive use of recent improvements, they are now producing **yet more perfect instruments than ever before**, in great variety as to style and price adapted to all public and private uses; for Drawing Rooms, Libraries, Music Rooms, Concert Halls, Lodges, Churches, Schools, &c., to gain and elegant cases, all of which they are enabled by their unequaled facilities for manufacture to sell at prices of inferior work.

The recent improvements in these Organs have so increased their usefulness and popularity that they are unquestionably the most desirable instrument to obtain safe for family use, as well as Churches, Schools, &c., while the prices at which they can be afforded ($55 to $1000 each) adapt them to the means and requirements of all classes. They are equally adapted to secular and sacred music, and elegant as furniture, occupy little space, are not liable to get out of order, (not requiring tuning once where a pianoforte is tuned twenty times), are very durable, and easy to learn to play upon.

The M. & H. Organ Co. are now selling FOUR OCTAVE ORGANS for $90 each; FIVE OCTAVE ORGANS FIVE STOPS, with two sets of VIBRATORS for $125, and other styles at proportionate rates.

For testimony to the superiority of their Organs, the Mason & Ham lin Organ Co respectfully refer to the musical profession generally; a majority of the most prominent Musicians in the country, with many of influence in Europe, having given public testimony that the Mason & Hamlin Organs excel all others.

A circular containing this testimony in full will be sent free to any one desiring it, also a descriptive circular, containing full particulars respecting these instruments, with correct drawings of the different styles, and the lowest prices, which are fixed and invariable. Address,

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 16, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect, your obedient servant,

R. C. TILLERY, M. D.

From Dr. Fentress, an accomplished and experienced physician.

Princess Anne Court House, Va Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, *and have prescribed it* in some *stubborn cases of Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I find it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public.* Yours, truly;

T. F. FENTRESS, M D.

Koskoo cures Scrofula in its worst forms. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No 11, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE is now IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c., A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *invigorator*. Yours, &c.

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c., MRS M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored

I am, sir, with much respect your obedient servant, O. B. MEARS.

No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No 13 Market Square, Norfolk, Va., Oct. 23, 1869

DR. LAWRENCE.—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo restored me to health.

Yours, truly, J. G WOMBLE.

From Rev. W H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,84
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,287 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
